

WMG READY FOR ELECTRIFICATION PROGRAMME

Are you interested in the UK Electric Vehicle (EV) sector? Are you a current automotive supplier? Do you have a relevant technology, process or product?

WMG is running a programme to support small to medium size businesses that are currently supplying or have an interest in supplying to the EV sector.

The Ready for Electrification programme will:

- ▶ Develop a UK supply base for the current and future EV market.
- ▶ Offer practical and technical support to businesses.
- ▶ Connect the whole supply chain from SME to OEM.
- ▶ Help UK manufacturers to understand the challenges and get ready for the opportunities

WORKSHOP PROGRAMME:

- ▶ Wednesday 6th March 2019 - WMG, The University of Warwick
- ▶ Wednesday 22nd May 2019 - Northern Automotive Alliance, Venue TBC
- ▶ Thursday 17th October - Brighton University
- ▶ *More dates to be confirmed.*

To register your place for the above events and to keep up to date with future workshops, visit our [website](#).
